

# Figma Design Review Report

## Global Issues

- Inconsistent spacing (not following 8pt/4pt grid system)
  - Arbitrary component sizing (no standard dimensions)
  - Auto-generated layer names (e.g., "Rectangle 23917")
  - Typography inconsistency (random use of "Poppins" font instead of Plus Jakarta Sans)
  - No design system or library reference
  - Missing documentation on reusable components
  - Lack of Auto Layout usage
  - Frames and groups used inconsistently
  - No responsive variants for mobile/tablet/desktop
  - Missing component states (disabled, loading, error, not found)
  - No animation, transition, or z-index documentation
  - Accessibility issues (missing alt text, ARIA labels)
- 

## Page-by-Page Review

### 1. Home Page

Design Inconsistencies:

- Hero section heading padding is arbitrary (not 4pt/8pt grid)
- Gap between "Incubate with us" and "Active Programs" buttons is 43px (non-standard)
- Call-to-action buttons have different sizes: "Incubate with us" (203x46px) vs "Active Programs" (191x46px)
- SIIC building image size is random (640.88x501.74px)
- Main text padding inconsistent (left/right/top differ)
- "Know your Journey" icon-to-button gap is 29px (not grid-aligned)
- "Upcoming Events" carousel transition not documented
- All frames and groups have auto-generated names

Data Required:

- Hero section: background image, CTA text, and links

- Upcoming Events: title, date, description, image (for each event card)
  - Our Pride section: images, titles, descriptions (5 cards)
- 

## 2. Programs Dashboard

Design Inconsistencies:

- "Upcoming Programs" cards have different gaps
- Program card titles have unequal padding on both sides
- "Days left" uses Poppins font instead of Plus Jakarta Sans
- Gap between sections inconsistent (77px vs 78px between Upcoming/Active and Upcoming/Past)
- Unnecessary filters included

Data Required:

- Program data: title, duration, days left, status, image
  - Filter options (if still required)
- 

## 3. Program Detail Page

Design Inconsistencies:

- No "page not found" state specified
- Complex layout with no responsive guidance for mobile/tablet/desktop
- "Our offerings" section cards size is 237x203px (non-standard)
- Sections not grouped properly—unclear width constraints for grid layout
- FAQ "Read less" state missing after "Read more" is clicked

Data Required:

- Program details: title, description, eligibilities, duration, offerings list, FAQ list, process steps
  - Images for program sections
- 

## 4. Mentors Page

Design Inconsistencies:

- Mentor card size is 360x195px (not grid-aligned)
- Content padding inconsistent on all sides
- No explanation for handling mentor strengths exceeding three lines
- Not marked if "mentor card" is a reusable component
- Additional fields added not present in current website
- Unnecessary "Sort by" filter
- Image and icon names are random

Data Required:

- Mentor data: name, image, position, company, strengths, domain, LinkedIn
  - Alt text for images
- 

## 5. Co-Founder Page

Design Inconsistencies:

- Same issues as Mentors page (inconsistent padding, arbitrary sizing, unclear reusability)

Data Required:

- Co-founder data: name, rectangular image, position, domain, strengths, LinkedIn
  - List of all available domains
- 

## 6. Partners Page

Design Inconsistencies:

- None (page is acceptable)

Data Required:

- Partner logos and names
  - Alt text for logos
- 

## 7. Our Startups Page

Design Inconsistencies:

- Gap between cards is 32.2px (non-standard)
- Heading and content spacing is arbitrary
- Startup card padding in decimals and inconsistent

Data Required:

- Startup data: name, logo, description, website link
  - Alt text for logos
- 

## 8. News Page

Design Inconsistencies:

- Main news image ratio is 820×404px (non-standard)
- Secondary images have ratio 180×188px
- "Progress you can measure" card size is 303×524.96px
- Carousel navigation unclear (buttons, dots, or auto-scroll?)
- Only desktop layout provided
- Missing alt text and ARIA labels

Data Required:

- News articles: title, image, date, summary, link
  - "Progress you can measure" section: image, PDF, title, date
  - Alt text for all images
- 

## 9. Upcoming Events

Design Inconsistencies:

- "Impactful moments" card size is 265×490px
- Image ratio is 233×200px
- Upcoming events main image is 820×404px; secondary is 407.32×404px
- Secondary event title padding inconsistent and in decimals (37.99px left)
- Description padding is 36px from left (different from title)

Data Required:

- Event data: title, date, time, location, image, description

- "Impactful Moments" section: previous events date, images, venue, title, website link
  - Alt text for all images
- 

## 10. Labs

Design Inconsistencies:

- No consistent grid system
- Primary and secondary buttons have different sizes

Data Required:

- Lab information: title, description, facilities, images, links
- 

## 11. Branding

Design Inconsistencies:

- Not following 8pt/4pt grid system for padding

Data Required:

- Services offered: icon image, service name, description (list format)
- 

## 12. Office Space

Design Inconsistencies:

- "Where innovation finds a home" section cards have unequal padding (52px vs 53px left/right)

Data Required:

- Office space details: features, images
-

## 13. Portfolio Manager

Design Inconsistencies:

- Card has same issues as Mentors page (inconsistent padding, arbitrary sizing)
- Not marked if it's a reusable component
- Border ambiguity (present in Figma but marked as mistake; unclear final design)

Data Required:

- Portfolio manager data: name, image, strengths, designation, portfolio, LinkedIn
- 

## 14. Who We Are

Design Inconsistencies:

- Inconsistent padding and arbitrary spacing throughout

Data Required:

- Company information: mission, vision, values, team bios
  - Trusted Words testimonials: testimonial text, user image, role, company
- 

## 15. Board of Directors

Design Inconsistencies:

- Same issues as other people-listing pages (inconsistent padding, sizing)

Data Required:

- Director data: name, image, position, bio, LinkedIn
- 

## 16. Our Team

Design Inconsistencies:

- Inconsistent padding and arbitrary spacing

Data Required:

- Team member data: name, image, role, domain, strengths, LinkedIn
-
